Heme Testimony in favor of Dr. Graves Hygeian Alicerative Syrup.

A. H. GATES & CO. — I feel it a duity to state the following facts to the public. I was troubled with the Scrotink for twen by years. During that time I paid over a hundred dellars for medical services and various kind of relief. Two years ago I was advised to try Dr. Graves Hygeian Alicrative Syrup, I accordingly idd I ry it. The effect of the first bottle cuccuraged me. I took a second bottle of the Syrup, and experienced a decided benefit from it. I continued to use it for several weeks, and strange as it may seem. I felt it had wrought a complete change in my system. I to it had purified my blood, requiated my digestive organs, and totally enred me of the Scropital. My disease has never returned to this day. I would recommend this remedy to every one troubled with impurity of the blood.

THIS institution was established for the successful treatment of
L. RUTCHINS, SCHOFULA. Humors of the Blood, and all
CHRONIC DISEASES upon the Neutral or Indian System of
practice. It has been in successful operation for several years, and
the fruits of its practice are found in cases cured in almost every
town and village in the New England States, and many from other
parts of the country.

DR GREENE, the Principal of this institution has, for the lest
fifteen years, had constantly under treatment several hundred
cases of Cancers, most of which had been aggressed and extended,
sither from being out out, without cleanaing the blood or extracting the roots, or by the application of caustics, or other impropritreatment, until the patients were nearly exhausted, before they
applied to him for redic.

PERSONS HAVING CANCERS SHOULD AVAIL THEM.

DR. BARRON'S COMPOUND HUMOR STRENGTHENING SYRUP. IT CURES SCROFULA & ERYSIPE-IT CURES SALT RHEUM & ALL HU-IT CURES ALL WEARNESS OF THE STOMACH & KIDNEYS.

From Dr. Cutter the Physiologist.

Ms. John Moone—Dear Sir. Having been made sequainted with the materials of which the popular medicine known as the Compound Humor and Strengthening Syrup, is composed, it gives me thosawe to say that I consider your constinuation of articles of known medical value well adapted to relieve and cure that minerous class of diseases that commonly result from what is popularly called impurities of the blood, humors, &c. I cheerfully recommend the diseased to made a trial of it.

CALVIN CUTTER, M. D. Warren, March 28, 1857.

DOCT. BARRON'S MAGNETIC PAIN DESTROYER.

Warranted superior to anything before the public for the cars of Neurskita, Canker, bysentery, Diarries, Pains in the Head, Stomach and Borels. 27 in chronic case it should be used in connection with the Syrup. Manufactured by John Moore, Warren, Mass., Sole Proprietor. Sold by all Apothecaries and medicine dvalens.

A YER'S CATHARTIC PILLS,

FOR ALL THE PURPOSES OF A TAMILY PURISIC,
are so composed that disease within the range of their action
can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigenate every portion of
the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these
properties, the invalid who is borred down with pain or physical debility is astendished to find his health or energy restored
by a remedy at once so simple and inviting.

Not only do they care the every-day complaints of every
hody, but also many formidable diseases. The agent below
n. med is pleased to furnish graits my American Almanae,
containing certificates of their cures and directions for their
use in the following complaints: Costructors, Hearthurn,
Headacks arising from Disordered Stomach, Nausea, Indiagestion, Pain in and Marbid Inaction of the Bounds,
Flatulency, Loss of Appetite, Janualice, and other kindred
complaints, arising from a low state of the body or obstruction of its functions.

AYER'S CHERRY PECTORAL,
FOR THE BAPID CORE OF
Conghe, Colds, Influence, Hourseness,
Croup, Bronchitis, Incipient Consumption,
and for the relief of Consumptive Patients,

and for the relief of Consamptive Patients, in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too spaparent to escape observation, and where its virtues are known, the public no longer hesitate what antidot to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our olimate. While many infector remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afficied they can never forget, and produced cures too minierous and too remarkable to be forgotten.
